

Steve Hutchison
Lewiston Alternative Transportation
Construction/Module Manager
Kiewit Energy US

I would like to take this time to show my appreciation to RBT for a job well done. RBT recently helped to ensure we met our scheduling needs on the Lewiston Alternative Transportation Project. At a time when we were in need of a major manpower increase in welders, RBT was there to provide us the safe, quality welders we needed. Under stringent welder pre-qualification testing including Canadian Welding Bureau Certification, RBT came through by providing welders at an 80% pass rate. This gave us the manpower we needed to finish the job safely and on schedule.

Once again "Thank You"
