Mark Turner

RBT Welders Inc.

Morgan City, La. 70380

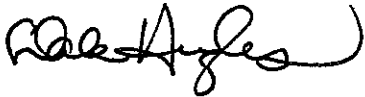

Mark:

As a follow up to our ongoing dialog we have enjoyed during your time here in Lewiston, I just wish to reiterate how the security personnel at the Lewiston Exxon/Mobil project have enjoyed interacting with your employees. This project involved a secure site requiring all persons entering the premises to carry an identification card issued by the contractor. Your employees have stepped up each and every time and have been able to present their ID upon request without fail. Their understanding of the security requirements has contributed to a great working relationship.

All the officers of G4S Security wish to extend their thanks and hope all of you are safe in your journey to the next project.

Regards;

Dale Hughes
